# Carlos Eduardo Ferreyra

Argentina contact@carlosferreyra.me <https://carlosferreyra.me>

## About Me

DBA and Backend Engineer specializing in developing scalable and efficient APIs. Striving for large data processing systems and significantly improving their performance.

## Profiles

LinkedIn | GitHub | Leetcode
Google Cloud | Credly | Others

## Certifications

**SQL advanced** 2025
Kaggle

**MongoDB - DBA** 2025
MongoDB

**Oracle Next Education Program** 2025
Oracle

**Cloud Practitioner Essentials** 2024
AWS

**Lakehouse Fundamentals** 2024
Databricks

**Associate Cloud Engineer** 2024
Google Coud Platform

## Skills

**Tech Stack**

Java/Spring Framework, Python/DRF/FastAPI, AWS/GCP, Terraform/Pulumi, MySQL/PostgreSQL

## Experience

**UTN - FRRe** 2024
Software Engineer Argentina

- Worked in a team of 6+ people building an ED Platform that helped automate tasks, optimize processes, and maximize productivity. This was possible thanks to reverse engineering each manual process and adapting the existing pipeline to technical constraints.
- Designed and implemented a scalable server architecture and automated workflows to support hundreds of users, requiring significant infrastructure improvements and pipeline reengineering.
- Collaborated with the financial department to streamline operational processes, resulting in a 10% reduction in costs and a 50% increase in efficiency.

**Devlights S.R.L** 2021
Backend Engineer Argentina

- Collaborated with a team of 4+ interns and mentors to develop a website for an ISP company. This involved front-end development, back-end integration, Google API's integration for map and geo-localization, and data sanitization.
- Implemented a REST-API to automate data collection of the customer
- Gained hands-on experience with Python, Git, Django, Web API's and applied them to a web application.

## Projects

**GitHub Auto** 2025 (Current)
**Kitsune Studios** 2025 (Current)
**Gestion TUP** 2024

## Education

**Universidad Tecnologica Nacional** 2015 - 2024
Information Systems Engineering 8.1/10 GPA

## Languages

**Spanish (Native)** **English (Fluent)** **Portuguese (Basic)**
